Resolution No. P. 96.

Bombay Castle, 7th August 1943.

Read Government Resolution, Political and Services Department, No. P. 96-Confidential, dated the 30th October/5th November 1942.

Letter from the Backward Class Officer, Bombay Province, No. B.C.P.S. 58/19, dated the 28th June 1943:-

"Reference Government Resolution, Political and Services Department, No. 1643/34, dated the 18th June 1940.

"2. The returns in respect of the recruitment of Scheduled Classes as inferior servants pertaining to the year 1941-42, received by me from the Heads of all Departments in the Province are sent herewith.

"3 The figures received from various Departments in the Province have been consolidated and the results tabulated, in the accompanying statement". The total for the whole Province is struck at the foot of the statement. The total strength of the inferior servants establishment, in the whole Province, at the end of the year under report was 10,145, of whom, 1,832 were from the Scheduled Classes. If the corresponding figures for the Medical Department, which were 1,668 and 634 respectively, are excluded the remaining totals for the whole Province come to 8,477 and 1,198 respectively. The percentage of the Scheduled Class inferior servants employed in the whole Province(excluding the Medical Department) therefore works out to 14.1 on the 31st March 1942 as compared to 13.9 on the 31st March 1941.

"4 It will be seen from these figures that the prescribed percentage has not been reached only in the Public Health Department, and the Co-operative Societies and Rural Development Department. The percentage of these Departments were 5.8 and 8.1 respectively, on the 31st March 1942 as compared to 6.006, and 9.81, in the previous year. .....

previous year. .....

" These facts have been brought to the notice of the Director of Public Health and the Registrar of Co-operative Societies and they have been requested to see that the prescribed percentage in their Department are attained, as soon as possible."
